# WebLearn:

WebLearn is a distance learning website maintained by the Springfield Adult Learning Center (SALC). This resource empowers future students to get a head start on their education while still on our waitlist for Adult Basic Education services.
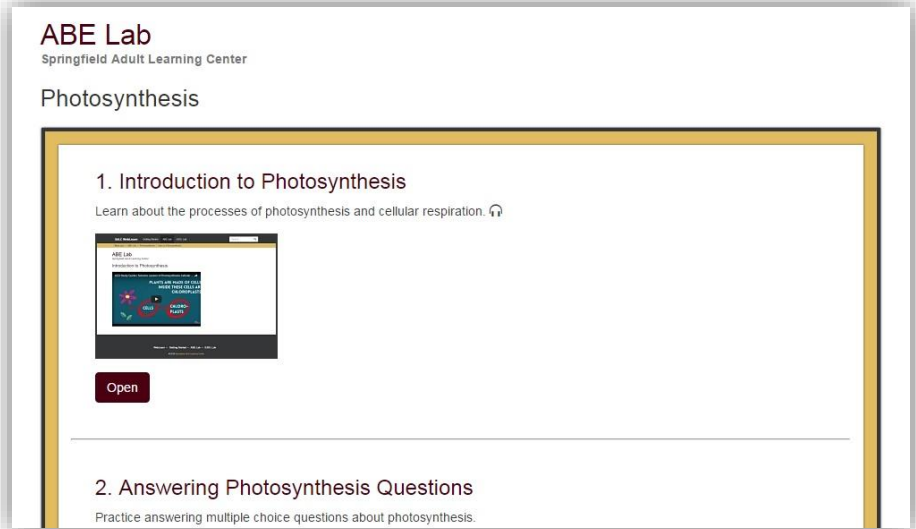

Web Address: www.salcweblearn.org

Please use the following instructions to access WebLearn on your personal computer.

Step	Instruction	Illustration
1	Log onto www.salcweblearn.org	
2	You are now on the WebLearn homepage. Based on your needs, select either: **ABE Lab** - For *Adult Basic Education* students waiting to enter HiSET preparation classes. **ESOL Lab** - For *English for Speakers of Other Languages* students studying English. *Note: If you are a first time user, click on the **Getting Started** menu link and learn about using our website.*	
5	After making your selection, click on a subject to browse that subject's activities. Activities are grouped together by academic subject.	

6	Once you find an area to explore, click on it and begin the activity.	

WebLearn is constantly being updated, so check back frequently for updates and new activities.
